1	Leukemia Information and Awareness Meeting	IZTECH Rectorate	8 November 2021	Within the scope of 2-8 November Children with Leukaemia Week, an information and awareness seminar was given by the Foundation for Children with Leukaemia (LOSEV) at IZTECH Show Centre. The seminar given by LOSEV Public Relations Officer Tuğçe Güçüyener attracted the attention of administrative and academic staff as well as students.		https://bulten.izte.edu.tr/2021/11/09/2-8-kasim-losevmli-cocuklar-haftasi-konusunda-losev-tarafindan-iztech-ortegine-ya-iztech-de-izte-ve-seminer-verildi/
2	Sapling Planting Event	IZTECH Rectorate	11 November 2021	Saplings were planted in the IZTECH Campus area at the event, which was open to the participation of all IZTECH members.		https://bulten.izte.edu.tr/2021/11/11/izte-kampusu-agaclarin-ya-gevm-ediyor/
3	Online Meeting Organised Between IZTECH and RCREEE	IZTECH Rectorate	17 November 2021	An online meeting was held between IZTECH and RCREEE (Regional Center for Renewable Energy and Energy Efficiency), an intergovernmental organisation with diplomatic status. Vice Rector Prof. Dr. Alper Baba, Advisor to the Rector Prof. Dr. Volga Bulumaz, Head of the Department of Energy Systems Engineering Prof. Dr. Gülden Çökgen Akkurt and representatives of the International Relations Office and senior managers from RCREEE participated in the meeting and exchanged ideas on establishing partnerships and possible collaborations in the field of renewable energy.		https://bulten.izte.edu.tr/2021/11/17/izte-rcreee-arastrma-ve-uygulama-orteklerinde-uzaktan-izlendi/
4	IDEATHON: BEST for Wind	Teknopark Izmir and Izmir Institute of Technology	20-21 November 2021	Hosted by Teknopark Izmir and Izmir Institute of Technology, BEST For Wind was held on November 20-21, 2021, as part of the BEST For Energy Project implemented by Izmir Development Agency (IZKA) in partnership with the Energy Industrialists and Businessmen's Association (ENISA).		https://izte.edu.tr/en/kinikler/ideathon-best-for-wind/
5	Earthquake Awareness Training and Drill	IZTECH Rectorate	24 November 2021	"Earthquake Awareness Training and Drill" was organised by Izmir Provincial Disaster and Emergency Directorate teams within the IZTECH Emergency Action Plan scope. In the training and drill, within the framework of emergency preparedness, the things to be done during an earthquake were conveyed practically.		https://bulten.izte.edu.tr/2021/11/24/izte-aci-durum-eylem-planlari-kapsaminda-afad-ekspertarafindan-geciren-bilinclendirme-egitimi-ve-tatbikat-dusunuldu/
6	Panel on "The Global Commons in Architectural Education"	Good Design and IZTECH	4 December 2021	In the workshop series "Common Futures Reloaded", the panel on "The Global Commons in Architectural Education" was moderated by Prof. Dr. İpek Akınar and Res. Assist. Ece Güleş; from IZTECH		
7	6th SustİNO	IZTECH Innovation Community	7 December 2021	The 6th SustİNO event, which is organised annually by IZTECH Innovation Community with the theme of sustainability, was held at the Show Centre. Rector Prof. Dr. Yusuf Baran, who made the opening speech of the event, gave information about the studies on renewable products that affect various areas of energy and life, which are carried out and planned on campus as a university that builds its research and education infrastructure on the concept of sustainability.		
8	Webinar: Women in AI	IZTECH Career Office	7 December 2021	Our Career Office recently supported the "Women in AI" webinar, which was part of the "10million.AI" project. The aim of this project is to promote female participation in the field of Artificial Intelligence. This webinar was organized in collaboration with the Global AI Hub, Enerjisa Enerji, and the Artificial Intelligence and Technology Association.		https://bulten.izte.edu.tr/2021/12/07/women-in-ai-webinari-gerceklestirdi/
9	"Geothermal Energy for Sustainable Development GeoESD2021" Workshop	TUBITAK	8 December 2021	In the light of the data in the special issue of the Turkish Journal of Earth Sciences, published by TUBITAK and of which our Vice Rector Prof. Dr. Alper Baba is one of the editors, on "Geothermal Energy for Sustainable Development", the international workshop titled "Geothermal Energy for Sustainable Development GeoESD2021" was held online.		https://bulten.izte.edu.tr/2021/12/08/geothermal-energy-for-sustainable-development-geoesd2021-calistayi-cerim-ici-gerceklestirdi/
10	"We use the fountains in our school"	IZTECH Environment & GençTEMA	13 December 2021	With the contributions of IZTECH Environment and Young Tema Society and Music Society, "We Use the Fountains in Our School" event was held in the Performance Centre in order to draw attention to plastic waste and reduce plastic waste consumption.		https://bulten.izte.edu.tr/2021/12/13/okulumuzdaki-cesmeleeri-kullanmiz-esteklini-gerceklestirdi/
11	Menemen Bahçeşehir College Students Visit IZTECH within the Scope of Water Resources Projects	IZTECH Department of International Water Resources	19 January 2022	Menemen Bahçeşehir College students visited IZTECH within the scope of their water resources project. Vice Rector and Head of IZTECH International Water Resources Department Prof. Dr. Alper Baba, who listened to the project presentations by personally dealing with the students, made evaluations about the project and gave information about how to proceed in the next process. The students, who visited the laboratories in the Civil Engineering department building, then met with Rector Prof. Dr. Yusuf Baran and explained their projects. Rector Baran and Vice Rector Baba, who gave advice and suggestions to the students about their projects, underlined that they will always be with the young people who blend their dreams with science as IZTECH Family with its infrastructure and laboratory facilities.		https://bulten.izte.edu.tr/2022/01/19/menemen-bahcesehir-koleji-ogrencileri-su-kaynaklari-projeleeri-kapsaminda-izte-yi-ziyaret-etti/
12	IZTECH Modern Greenhouse Opened	IZTECH Rectorate	26 January 2022	The opening ceremony of the new greenhouse at IZTECH, completed within the sustainable green campus studies program, was held.		https://bulten.izte.edu.tr/2022/01/26/modern-seranin-acilisi-yapildi/
13	Visit to IZTECH by Students Taking Part in "Science Girl" Project	IZTECH Rectorate	11 February 2022	Within the scope of 11 February International Women and Girls in Science Day, students from universities across Turkey who took part in the "Science Girl" project visited IZTECH.		https://bulten.izte.edu.tr/2022/02/11/bilim-kizi-projesinde-yer-alan-ogrenciler-izte-yi-ziyaret-etti/
14	Sustainable 101 Event	IZTECH EcoMotion Community & Rectorate	2 March 2022	Rector Prof. Dr. Yusuf Baran was the guest of the first Sustainable 101 training and talks organised by the Eco Motion Student Community of our Institute in order to raise awareness of the 17 sustainable goals of the United Nations.		https://bulten.izte.edu.tr/2022/03/02/rector-baran-surdurulebilir-101-etkinligine-konuk-oldu/
15	ISO 22000 Food Safety Management Seminar	IZTECH Department of Food Engineering	7-8 March 2022	ISO 22000 Food Safety Management Seminar was held between 7-8 March 2022 for the 3rd and 4th students of Food Engineering with the contributions of Miray KOCABAĞKAN and the participation of DQS Turkey General Coordinator Aydın Kağıtçı and Chief Auditor/Food Engineer Pınar Ulu. Students were informed about how to become an Auditor and prepare a CV and Food Safety Management System.		https://food.izte.edu.tr/en/etkinlik/iso-22000-food-safety-management-seminari/
16	Event: 8 March International Women's Day	IZTECH	8 March 2022	8 March International Working Women's Day was celebrated with a ceremony held at IZTECH Demonstration Centre. Rector Prof. Dr. Yusuf Baran made the opening speech of the programme and said, "I wish a world where women play an active role in all areas of society and have equal rights, and I leave the floor to the women of the day." After Rector Baran, author, entrepreneur and motivational speaker Sangeetha Shinde Tea made a presentation titled "Unusual Challenges Women Face to Succeed in Life". The programme ended with a music concert, dance performances and a panel discussion.		https://bulten.izte.edu.tr/2022/03/08/8-mart-dunya-emekci-kadınlar-gunu-izte-gosteri-merkezinde-dusunulenen-toparile-kutlandı/
17	Online Seminar: Climate Positive Architecture	IZTECH Faculty of Architecture	10 March 2022	Online Seminar named "Climate Positive Architecture" was held by Willem Van Genugten on March 10th, 2022		
18	Environmentally Friendly Dove Scooters in IZTECH Campus	IZTECH & Karsyia Municipality	11 March 2022	An event was held in front of the Central Cafeteria for the first rides of the Environmentally Friendly Dove Scooters, which are designed to serve from different points of the campus. It is aimed to provide environmentally friendly transport service within the campus with the Doves brought to the institute with the cooperation of Karsyia Municipality and IZTECH.		https://bulten.izte.edu.tr/2022/03/11/cevreci-dostu-kumular-kampus-icerisinde-hizmete-basladı/
19	Newcastle & IZTECH Researchers' Networking Workshop: Energy, Sustainability and Bioengineering	IZTECH & Newcastle University	15-16 March 2022	Bringing together the researchers from both institutions who are pursuing their research around energy, sustainability, and bioengineering themes, we hope that the workshop will lead to establishing fruitful collaborations.		https://www.ncl.ac.uk/news/events/event-items/iztech-researchers-networking-workshop/
20	Sapling Planting Event for IZTECH 30th Year Park	IZTECH & Aegean Forest Foundation	22 March 2022	Saplings were planted for the IZTECH 30th Year Park, which was designed for the 30th anniversary of IZTECH. Rector Prof. Dr. Yusuf Baran, General Manager of the Aegean Forest Foundation Perihan Öztürk, vice-rectors, deans of faculties, academic and administrative staff and students, as well as Foundation officials attended the event.		https://bulten.izte.edu.tr/2022/03/22/iztenin-30-kurulus-yili-donumu-adina-tasarlanan-izte-30-yil-parki-icin-fidan-dikimi-yapildi/
21	Online Seminar: Renewable Ecologies	IZTECH Faculty of Architecture	24 March 2022	Online Seminar named "Renewable Ecologies" was held by Enise Burcu Derinboğaz on March 24th, 2022		
22	Charity Run	IZTECH School of Foreign Language & Coordinatorship of Social Responsibility Projects	31 March 2022	As part of a collaboration between the School of Foreign Languages and the IZTECH Social Responsibility Project Coordinatorship, the IZTECH running team is hosting a charity run. On April 17, 2022, our team will participate in the "Izmir Marathon" 10K run to collect donations for the Koruncuk Foundation.		
23	Aegean Forest Foundation Volunteer Training	IZTECH Coordinatorship of Social Responsibility Projects	1 April 2022	Within the scope of the joint project of IZTECH Social Responsibility Projects Coordinatorship and the Aegean Forest Foundation, we completed the training of trainers with the participation of our trainers from EOY and our volunteer students. Our volunteers are ready to take the field to ensure the sustainability of ecological knowledge!		
24	Sign Language Seminars	IZTECH Coordinatorship of Social Responsibility Projects	5 April - 20 May 2022	As the Social Responsibility Projects Coordinatorship, we are planning to start free sign language classes on Tuesday 5 April. Our trainings will be on Tuesdays and Thursdays.		
25	Cycling Event	IZTECH Children's University	23 April 2022	23 April National Sovereignty and Children's Day is celebrated on our campus with science, art and sports activities under the coordination of IZTECH Children's University. With the cycling event, it is aimed to encourage children to use bicycles.		https://izte.edu.tr/en/kinikler-takvimi/
26	Climate Crisis from the Water Window	IZTECH & IZTECH GençTEMA	26 April 2022	We discuss "Climate Crisis from the Water Window" with the presentation of hydrobiologist Assoc. Prof. Dr. Erol Kesici.		https://www.instagram.com/p/CciEswutl6/

27	The Built Environment Sector in the Decisive Decade for Climate Change	IZTECH Faculty of Architecture	28 April 2022	Dr. Ebra Kurul made a presentation about The Built Environment Sector in the Decisive Decade for Climate Change to students of Department of Architecture.		
28	Research Workshop: "Sustainability & Resilience Research at Oxford Brookes"	IZTECH Faculty of Architecture	29 April 2022	Dr Kurul will present the Schools of Architecture and Built Environment, and research centres/networks conducting research on sustainability and resilience. She will provide a brief overview of relevant projects she has been involved in, including InClimate, C-mapER and the upcoming: Sharing Sustainable Built Environmental Practices Across Borders and Boundaries.		
29	Spring Festival Activities: Innovative Renewable Product Introduction	IZTECH & IZTECH Energy Community	11 May 2022	Innovative Renewable Products were introduced to university students and staff in the Science Park of IZTECH within the Spring Festival.		
30	Spring Festival Activities: Solar Powered Powerbank Making	IZTECH & IZTECH Energy Community	11 May 2022	How solar powered systems work and how to make a solar powered powerbank were introduced to university students and staff in the Science Park of IZTECH within the Spring Festival.		
31	Spring Festival Activities: Seed Ball Event	IZTECH & IZTECH Permaculture and Ecological Life Community	11 May 2022	Seed balls were designed and prepared by students who joined the workshop, and they kept the seed balls to plant.		
32	Symposium: "Metabolism in Health and Disease"	IZTECH Department of Molecular Biology and Genetics	12 May 2022	"Metabolism in Health and Disease" symposium was hosted by the Department of Molecular Biology and Genetics. The symposium continued with the presentations of expert scientists from Turkey and abroad.		
33	Spring Festival Activities: Aluminium Recycling Workshop	IZTECH & IZTECH Material Science Community	13 May 2022	Recycling process were explained and a small workshop were given by the Material Science Community within the Spring Festival.		
34	Charity Bazaar	IZTECH Social Assistance and Solidarity Office	23 May 2022	IZTECH Social Assistance and Solidarity Office organised a bazaar to support students at the Show Centre.		https://bulten.izte.edu.tr/2023/05/23/izte-bahar-kermesi-duzenlendi/
35	14th International Conference on Hydrosience and Engineering	IZTECH Department of Civil Engineering	26-27 May 2022	ICHE 2022 conference aims to bring together researchers and practicing engineers to share the latest scientific and technological advancements in hydrosience and engineering, and will provide networking opportunities for future activities. Participants will be able to hear experts in the field discuss the latest achievements in issues relevant to Hydro-Engineering for Sustainable Development.		https://www.iche2022.org/
36	IZTECH Against Cancer Event	IZTECH Football Community & LOSEV	27 May 2022	Within the scope of World Children with Leukaemia Week, "IZTE Against Cancer" event was held in partnership with the Hope Foundation for Children with Cancer and IZTE Football Club. In the event, which was organised to support children undergoing cancer treatment, football competitions were held as well as the sale of shirts for donation.		https://bulten.izte.edu.tr/2023/05/27/izte-kansere-karsi-etkinligi-gerceklestirildi/
37	Geothermal Stakeholder Workshop of the REFLECT	IZTECH	21 June 2022	The "Geothermal Stakeholder Workshop" of the "REFLECT" project supported by the European Union Horizon 2020, of which IZTECH is one of the partners, was hosted by our Institute. In the workshop, the results obtained from the Reflect project, which aims to prevent problems related to fluid chemistry and redefine fluid properties to optimise geothermal energy extraction, were shared and ideas were exchanged on the application of these results to geothermal operations.		https://www.reflect-h2020.eu/2022/06/28/reflect-geothermal-stakeholder-workshop/
38	Sustainable Ecocampus Processes Meeting	IZTECH & Eskişehir Technical University	20 July 2022	Sustainable Ecocampus Processes Meeting was held between IZTECH and Eskişehir Technical University.		https://bulten.izte.edu.tr/2022/07/20/izte-ile-eskisehir-teknik-universitesi-arasinda-surdurulebilir-ekokampus-surecleri-toplantisi-gerceklestirildi/
39	Conference: "Catalysis: A Key to Sustainability"	IZTECH Department of Chemistry	12-14 September 2022	We are organizing a conference titled "Catalysis: A Key to Sustainability" which is going to be held between 12 and 14 September 2022 at Izmir Institute of Technology. The conference is aimed to bring together the scientists and researchers working on sustainable processing and production.		http://keytosustainability.com/Previous-events/
40	IZTECH Rainharvesting	IZTECH Green Campus Coordination & Faculty of Architecture	September - October 2022	Demonstration of green infrastructure: bioslave, rain garden and two 3-ton water harvesting tanks.		
41	Friday Seminars: İstanbul Atık	IZTECH Faculty of Architecture / Architecture, City and Regional Planning	2022.10.07	Title: İstanbul Atık Speaker: Oral Göktaş		
42	Friday Seminars: Circular Economy	IZTECH Faculty of Architecture / Architecture, City and Regional Planning	2022.10.14	Title: Circular Economy Speaker: Dr. Murad Tiryakioglu		
43	National Open Science Conference: "Open for Climate Justice"	IZTECH & Hacettepe University & Istinye University	22 October 2022	All interested parties are invited to the National Open Science Conference, which will be hosted by Istinye University on 20 October 2022 with the theme of Openness for Climate Justice, in cooperation with IYTE, TÜBİTAK and Hacettepe University.		
44	Talks on Photonics Science and Technologies @IZTECH: All printed third generation solar cells and modules made of perovskites under ambient conditions	IZTECH Department of Photonics	2022.10.20	Given the present research momentum, the development of efficient and stable ambient air-processed perovskite solar cells (PSCs) is of the core interests of scientists dealing with this new class of photovoltaics. The greatest progress and the most intensive research have been towards the application of perovskites as absorbers for solar energy conversion applications.		
45	Talks on Photonics Science and Technologies @IZTECH: Recent Developments in Emerging PV Technologies	IZTECH Department of Photonics	2022.10.20	In this presentation, the recent developments in emerging PV technologies will be reviewed. The performance and stability of emerging PVs fabricated at YIU Organic Electronics Laboratory will be summarized.		
46	Friday Seminars: Urban Scenes of a Port City	IZTECH Faculty of Architecture / Architecture, City and Regional Planning	2022.10.21	Title: Urban Scenes of a Port City Speaker: Dr. Fatma Tanış		
47	Research Seminars-I: Characteristics of Byzantine Period Building Bricks Used in St. Jean Basilica (Ayasuluk Hill) and Anası Church (Kadıkalesi)	IZTECH Department of Conservation and Restoration of Cultural Heritage	25 October 2022	Within the scope of RES597 Research Seminar course, Res Assist. Elif Çam made a presentation about Characteristics of Byzantine Period Building Bricks Used in St. Jean Basilica (Ayasuluk Hill) and Anası Church (Kadıkalesi).
